Faerber Charged Up About Dynamo 5

Creator/writer *Jay Faerber* already has one superhero family series under his belt, but it appears that one is not enough. This spring, Faerber will introduce readers to a *second* family—but this one is far less glamorous than the high-profile Nobles.

Dynamo 5 "is about the five illegitimate children of Captain Dynamo, a recently deceased super-hero, each of whom inherited one of their father's super-powers," Faerber told ***CSN***. "The kids are rounded up and turned into a super-hero team by the hero's widow, who sees them as the last hope for the Captain Dynamo's now-defenseless city."

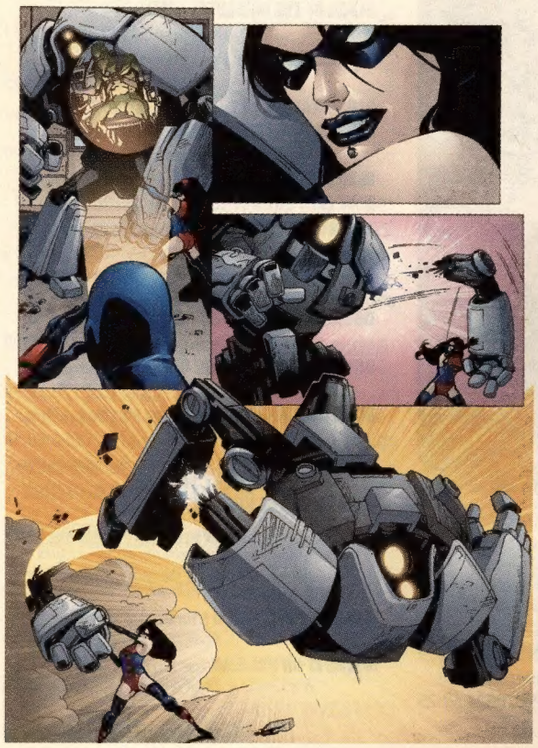
Of course, Faerber is the man behind ***Noble Causes***, the series that focuses on the complex personal dynamics of the celebrity-hero Noble family. Is ***Dynamo 5*** an attempt to turn that story upside down with a story of a hidden "dynasty" of more questionable history and relationship? What are the similarities and the differences in the two series? "I guess the similarity that I see is that I'm writing about another super-hero family—albeit a *much* different one. I actually set out to make ***Dynamo 5*** the opposite of most super-teams, where a group of different individuals come together and become a 'family' in name, not blood. With ***Dynamo 5***, you've got a family bound by blood who are nonetheless strangers to each other.

"However, I'm also hitting a markedly different tone with ***Dynamo 5*** than I hit with ***Noble Causes***. ***Dynamo 5*** is going to be a more action-heavy, plot-driven book—I'm aiming to introduce one new bad guy each issue, and the stories will be more stand-alone. This is a sharp contrast to ***Noble Causes***, which had big, sprawling sagas and very few 'villains' (that weren't already in the family!)."

Were Captain Dynamo's indiscretions known to the public, or did he manage to keep his public persona squeaky-clean? And how do his own illegitimate children perceive him? "The public *loved* Captain Dynamo—he was a true blue hero, larger than life, etc. And he *was*. It's not like that part of him was an act, or anything. He just liked the ladies a little *too* much. And he genuinely loved his wife, too. He just had a wandering eye... and other body parts!...

"None of the kids have ever met Captain Dynamo, so they only know him in the sense that the public knew him—they saw him as a hero, but when they learn he slept around, it sort of tarnishes their views of him. There's a lot of pent-up anger and unresolved issues floating around."

What about his widow? What leads her to track down the offspring of her husband's affairs and transform them into a superteam? "Cap's widow, a former reporter named Maddie Warner, brings the team together because after her husband dies, his enemies see Tower City as ripe for the picking," Faerber said. "Other heroes from other parts of the country try to pitch in, but that's not a long-term fix. So when Maddie realizes there are illegitimate kids out there, she takes a gamble that they might have powers and her gamble pays off. None of the kids know about their powers until Maddie 'unlocks' them, by exposing them to the same radiation that powered Cap."



Does Maddie hold any resentment towards the children, considering their parentage? "Maddie just wants to see her city protected and Cap's enemies captured. She knows this is the only way it can happen—but yeah, she's more than a bit resentful. It's a big sacrifice she's making, especially since some of the kids don't really want to be part of this, and have to be constantly supervised."

Speaking of the kids, how do they feel about their new-found super-team role? "The kids vary in age from fifteen to early twenties, and some are more mature than others. How they relate to each other had a lot to do with their individual home lives. Some of them already have brothers and sisters (and fathers!), some don't. So some of them are more welcoming to the idea of long-lost siblings.

"The kids get along pretty well, and that's largely thanks to Maddie. She can be sort of prickly. And can you blame her? These kids are walking reminders of her husband's infidelity. So the kids sort of unite against her and her strong-arm tactics. But Maddie's no dummy. This may be her intention all along..."

"And I should point out that the biggest difference between ***Dynamo 5*** and other teenage super-teams is that there *won't* be any inter-team romances with this book!" Faerber added with a smile?

So without further ado, let's meet the five kids and learn just what their abilities are. "First, there's Scatterbrain—he's a big football player from Texas who can read minds. He can't project his own thoughts or control other people or anything. He can just hear what they're thinking. And for a self-centered jock who never before cared what anyone thought, this is quite an adjustment.

"Then we have Slingshot, an overachieving college sophomore who can fly at super-speed. The others see her as a bit of a suck-up when she's around Maddie.

"Next is Visionary—the youngest member of the team, he's something of a dork. The kind of kid Scatterbrain would pick on, in fact. Visionary inherited his dad's vision-powers—he can blast things with his eyes, see in the dark, see through things, the works.

"The fourth member of the team is Scrap, who's not only the other female of the team, but also the oldest. She's a petite girl but she's got super-strength. She's a struggling writer living in Los Angeles, trying to break into the movies.

"And last is Myriad—he's our mystery man. He can assume the appearance of anyone he wishes—a power Cap used with the ladies quite often. He grew up in a series of foster homes, so he's got a much different idea of 'family' than the rest of the kids."

There's one other major figure in ***Dynamo 5*** who deserves introduction: the series' artist, *Mahmud A. Asrar*. "Mahmud s an exceptional artist living in Turkey. I'd seen samples of his work posted on various online art forums, and I was always impressed. But the problem with seeing art posted online is that you never know how long it took the guy to draw it. He may have three sequential pages that are just fantastic, but it took him three weeks to draw them.

"Mahmud was recommended to me by ***Invincible*** artist *Ryan Ottley*, who'd been following his work online. So, I took a chance on Mahmud and I hit the jackpot. Not only is he getting more talented by the day, but he's also lightning fast and just a joy to work with. Issue #1's not even on the stands yet, and Mahmud's putting the finishing touches on issue #3.

"And while we're talking about art, I should mention that *Ron Riley*, the longtime ***Noble Causes*** colorist, is coloring ***Dynamo 5*** as well. He was my first—and *only*—choice for the book, and he complements Mahmud extremely well."

Should readers expect non-stop family drama in ***Dynamo 5***, or will there be some humor in the series? "I don't think I could play anything *totally* seriously, even if I wanted to. It's a pretty straight action/adventure book, but yeah, there's *definitely* humor. Like when Scatterbrain, the conquering jock, learns that Visionary, the shy nerd, is a virgin, and decides to help his little brother out."

Any chance that ***Dynamo 5*** might cross paths with the Nobles at some point? "There's certainly a chance. Captain Dynamo was killed in the pages of ***Noble Causes*** (issue #18, in fact) and his killer (a hired assassin named Widowmaker) is still at large. So there's definitely motivation for the two casts to meet!"

Meanwhile, readers will get their chance to meet the Dynamo 5 on March 7th, when ***Dynamo 5 #1***, a $3.50 comic from Image, is scheduled for release.
